

Hand Tool Preservation Association
of Australia Inc.

2010 TOOL CONFERENCE & MEETING

Members' Tool Displays

The first aim of the HTPAA is to promote the preservation, documentation, study and understanding of hand tools. To further knowledge of tools and their use, members are encouraged to bring displays of their choice to illustrate a theme or to show interesting or unusual tools to the registrants of the meeting.

If a member wishes to comment on his display or answer questions time will be available.

Display tables will be provided (half or full table) to attendees who wish to provide a display. Please provide the following information.

Name

Telephone

Theme or title of display

.....
Table space required: Full table
Half table
